Greetings Apartment Residents!

Live on Campus for the 2011-2012 Academic Year

If you are happy with your current location we will be hosting a license renewal period starting in February. If you are interested in a new apartment or residence hall space on campus you can participate in the Priority Room Selection process. This will begin February 22nd and will go until March 3rd. You will be able to apply and find more information at our website, www.housing.wayne.edu. Questions? Housing staff will be available to answer any questions you may have about apartment renewals, summer holds, moves, or new apartment licenses on the following dates:

Deroy:
Tuesday, February 22nd
3-7pm
Deroy Community Room

University Towers:
Wednesday, February 23rd
3-7pm
University Tower Lobby

More details regarding renewal and new assignments will be distributed soon.

Looking for a Roommate?
The Office of Housing and Residential Life will soon feature a new roommate matching program. This program will allow current or potential apartment residents to submit their personal information and search a database for others that are also looking for roommates. More information regarding the roommate matching program will be in upcoming newsletters.

We Want to Hear Your Ideas!
The Office of Housing and Residential Life wants feedback about your on-campus housing experience. All residents will receive a link in their Wayne State email soon to participate in an online survey. Residents who complete the survey will be entered into a drawing for a variety of prizes.
Computer Updates
Need help with your computer or internet? ResNet techs are available to help you with your computer needs. You can call the C&IT Help Desk at (313) 577-4778 or visit them at the PC Clinic in the Student Center. If needed they can make house calls to residence hall rooms or apartments to address your concerns.

Wireless Internet
Housing is partnering with C&IT to install and increase wireless service in each of the buildings during the next 6 months:

University Tower:
Wireless service coming soon to UT.

DeRoy:
Testing has been completed to determine the most effective quantity and location(s) of access points throughout the building. More access points will be installed to upgrade current wireless service.

Chatsworth:
Testing is scheduled to explore the possibility of wireless connectivity in Chatsworth.

Pest Control Update
While bed bug problems may be on the rise across the nation, they are not at Wayne State. Housing has taken several proactive measures to prevent bed bug problems in our apartments and residence halls. For example, last summer, each furnished apartment in DeRoy was heat-treated to make sure there weren’t any problems when residents arrived. The Office of Housing and Residential Life also produced and distributed educational materials about bed bugs and how to prevent them.

If you believe that you might have bed bugs or another pest problem, please report the issue to the front desk immediately.
